

We are excited to announce that Bellcourt Strata Management has officially evolved and become **B Strata**

As our valued clients and industry partners, we invite you to journey with us into the future of strata management.

We have spent considerable time over the past several months refining our vision of who we want to be, and how we will serve you in the ever-changing landscape of strata in WA.

We have expanded rapidly as a business over the last few years, testament to our decades of experience, wealth of knowledge and most importantly, our award-winning and highly specialised strata team.

Our responsive service, client focus and gold standard of education have cemented our place as industry leaders. This will not change.

What you can expect to see in the future is -

- Further investment in technology
- An emphasis on modernisation and innovation
- Increased specialisation in new areas of strata

We will continue our drive to lead the WA strata industry with our ever-evolving ethos.

We assure you that you could not be in better hands, as we head into this exciting new phase of strata together.
